

BLUE JAEEL HOME LIFE

Introduction

Established in 2018, Hangzhou Qisheng Textile Co., Ltd. was founded by Mr. Yang Qi. After graduating from university in 2010, the founder immediately embarked on a career in the umbrella manufacturing industry. With solid professional knowledge and keen market insight, he quickly accumulated extensive industry experience and a wide network of connections within just a few years.

As market demands evolved and his career progressed, the founder decided in 2018 to shift the business focus to the textile industry. Hangzhou Qisheng Textile Co., Ltd. was thus established, dedicated to providing customers with a diverse range of textile products, including home textiles, outdoor fabrics, and functional textiles. With a unique understanding and innovative design philosophy, Mr. Yang has led the company in developing market favorites like gravity blankets, which have been highly praised by consumers.

Our key product lines include Outdoor textiles such as camping blankets, picnic mats, and sleeping bags; Home textiles like Weighted blankets, Cooling blankets, and bedding sets; and pet products such as pet mats.

The company spans over 4,000 square meters, employs more than 120 staff, and generates an annual output exceeding \$10 million. With over 50 automated production lines, our capacity is continuously increasing. Currently, our business reaches more than 20 countries, and in 2024, we established an office in Dubai to better serve our international clientele.

We have formed strong partnerships with renowned retailers and manufacturers globally, including Starbucks and American football teams, earning widespread customer acclaim.

Cooling Blanket: Stay Cool, Anytime, Anywhere

Cooling blanket is designed to provide ultimate comfort during hot weather, helping you stay cool and relaxed all night long. Made with innovative cooling technology, it absorbs body heat and wicks away moisture, promoting a refreshing sleep experience.

Key Features

- **Cooling Effect:** Specially designed to regulate body temperature, keeping you cool and comfortable throughout the night.
- **Breathable and Moisture-Wicking:** Ensures optimal airflow and absorbs sweat, ideal for hot sleepers.
- **Soft and Smooth:** The fabric feels silky against the skin, perfect for those seeking a soft touch and luxurious feel.

200 X 230 CM, CUSTOMIZED

POLYAMIDE, SPANDEX,
CUSTOMIZED

From warm summer evenings to indoor relaxation, the Cooling Blanket is your go-to companion for cool, soothing moments. Stay refreshed. Stay comfortable.

Weight Blanket

The gravity blanket is an innovative textile product designed to help users relax and improve sleep quality. By evenly distributing weight, the blanket simulates a "deep pressure stimulation" effect, providing a calming and soothing experience that enhances sleep.

Details:

 60" X 80", 50" X 60", CUSTOMIZED

 COTTON, POLYESTER, CUSTOMIZED
FILLING: GLASS BEADS

Available Colors:    

Versatile Design

- The blanket features a sleek, modern design with various color options, making it a stylish addition to any bedroom or living space. Its minimalist look blends seamlessly with different decor styles.

Key Benefits

- **Improved Sleep:** Helps reduce stress and anxiety, enabling quicker, deeper sleep.
- **Versatile Use:** Ideal for relaxation, whether you're reading, watching TV, or taking a nap.
- **Wide Applicability:** Suitable for adults, teenagers, and anyone seeking a more restful sleep.

Material and Comfort

- Crafted from high-quality, breathable, and eco-friendly materials, the blanket ensures comfort and durability. The filling consists of hypoallergenic, non-toxic micro glass beads, providing even weight distribution without compromising softness.

Weight Options

- Available in multiple weight categories (6kg, 7kg, 8kg, etc.), the blanket is tailored to fit various body types and preferences, ensuring optimal pressure for maximum comfort.

WB-001
